Mnajdra Neolithic Temple

Malta's Archaeological Heritage

7 DAYS WAS **£1,895** NOW **£1,820** |  DEPARTURE POINT: London

Malta's diminutive archipelago is by no means any indication of the vast riches it holds — from the Neolithic to now, they are many and varied, and all out there to be discovered on this very special tour. Arriving in Malta, with its golden limestone-cliff coasts, lucid seas, beautiful laid-back towns and heart-stirring views, you could be forgiven for thinking that you've already seen all there is to see. But take a peek beneath the surface, and no doubt you'll be astounded by the wealth of wonders to be found there. Venture inside the walled citadel of Mdina, explore the warren of narrow tomb-lined passages of St Paul's Catacombs, and take to the waves for a boat trip around the spectacular cliffs and caverns of the famed Blue Grotto. But most startling of all, perhaps, are the mysterious sites left by civilisations with whom we are just starting to get acquainted — the ancient mysterious Hal Saflieni Hypogeum, a UNESCO World Heritage site, the millennia-old Mnajdra Temples and the megaliths of Hagar Qim: these make for a truly unforgettable archaeological expedition.

Santiago de Compostela

Galicia's Camellia Route

6 DAYS WAS ~~£1,495~~ NOW **£1,420** |  DEPARTURE POINT: London

With a milder, wetter climate than the rest of Spain, the gardens in Galicia have a luxuriant air, accentuated by the fact that many belong to grand country mansions (pazos). Another happy feature of the climate is that camellias thrive here, and in the spring sunshine they provide welcome splashes of colour, blooming exuberantly in shades of white, pink and red.

We will follow the length of the camellia route, which extends from La Coruña in the north by way of the historic pilgrimage centre of Santiago de Compostela to Vigo in the south.

Along the way, we visit a collection of splendid gardens, including the outstanding Castillo de Soutomaior, while enjoying some spring sunshine and the uplifting sight of one of the garden world's favourite flowering plants in full bloom.

The Indian Ocean island of Mauritius is only the size of the county of Surrey, yet it is blessed with a rich and diverse flora and fauna, and is home to some of the rarest plants and creatures in the world. Caressed by a benign climate and light but regular rainfall, virgin forests and coastal lands provide ideal habitats for myriad species, many of them unique to the island – of the 1,000 or so plants indigenous to Mauritius, about 300 are totally unique. Our exploration will reveal trees that will be the last of their kind in existence, giant waterlilies, and colourful Cannas and Heliconias. We will witness outstanding conservation work with almost extinct plants and animals and there will also be plenty of time to enjoy the facilities of our resort hotel, the white sandy beaches and turquoise waters, and soak up the local culture, with its unique combination of European, Indian and African influences.

Gardens and Villas of Sicily

8 DAYS WAS ~~£2,695~~ NOW **£2,595** |  DEPARTURE POINT: London

Sicily has become one of Europe's best-loved destinations and it is truly an island of the senses. As soon as you step on to its warm and fertile shores you'll understand why. Our eight-day tour takes in the best that the island has to offer, with a strong emphasis on gardens, which is what sets this holiday apart from other Sicilian offerings.

We begin on the slopes of Mount Etna, Europe's highest active volcano, as we visit an elegant garden which thrives on the fertile soil here and then ascend the mountain itself, observing the change from lush groves to stark, desert landscapes. In Taormina we visit a private garden which boasts spectacular views across the bay before exploring the Greco-Roman remains of the city itself. Heading south we gain an exclusive insight into Sicilian gardening with a member of the team at Giardino di San Giuliano and visit the private garden of a Sicilian aristocrat. A treat for the senses awaits at Gli Aroma Sicily as we discover an extensive selection of herbs and spices and we also enjoy lunch at a monastery high in the mountains. We conclude in Palermo, a melting-pot of architectural styles with both Norman and Arabic influences.
