A Grand Tour of the Outer Hebrides

5 DAYS from £1,165 | ACTIVITY RATING:

PICK-UP POINTS: Dundee, Perth, Kinross, Dunfermline, Edinburgh, Glasgow

Our best-selling grand tour takes in all the beauty and diversity of the Outer Hebrides. Numerous islands and travel by local ferry offers great variety and the sense of a true journey of discovery which will live long in the memory.

Our odyssey begins as we travel north via the Highlands to Ullapool and take the ferry to Stornoway. A captivating journey follows as we travel through the magnificent mountain scenery of Harris, the rolling moorland of Lewis, visiting the Standing Stones of Callanish (*the main Callanish site will be closed until early 2026 and we will visit the nearby smaller circles instead if Calanais I has not reopened), the tranquil little Norse Mill and the distinctive Black Houses at Gearrannan.

From here we take the ferry to North Uist and cross the causeway to the Isle of Benbecula the 'stepping stone' between the Uists, before visiting the islands of Eriskay, Vatersay and Barra.

Day 1 We depart from our designated pick-up points and head north, stopping en-route for refreshments. We continue to Ullapool in time to catch the early evening Caledonian MacBrayne ferry to Stornoway. On arrival in Lewis we will transfer the short distance to our comfortable accommodation in Stornoway. (D)

Day 2 This morning after breakfast we travel to the west coast of Lewis for a visit to **Calanais II**, an impressive site comprising of five standing stones and two fallen stones, forming an oval. A further, shorter stone lies pointing towards the centre. There may originally have been more stones in the 'circle'. Its diameter of nearly 20 metres makes it almost twice as big as the circle at **Calanais I*** (which is around 11-12m across). Inside the 'circle' is a low round cairn that was probably a later addition; it will have contained a burial chamber, but it has been badly damaged. When peat was first cleared away from this monument,

Croft on Isle of Lewis

shortly after 1857, people found traces of pebbles that had probably supported upright wooden posts inside the 'circle'.

**Please note: that primary Callanish Standing Stones site (Calanais I) is currently completely closed due to a major redevelopment of the visitor centre taking place until Spring 2026. The entire site is closed for construction during this time. Should the site be reopened, we will visit Calanais II instead.*

From here we move on to the **Black Houses at Gearannan**, typical of the crofting settlements which until relatively recently were found throughout the Western Isles. Lunch will be available here *(not included)*. The final visit on our circular tour is the **Norse Mill at Shawbost**, a reconstruction of the type of grain mill used originally by Viking settlers and by islanders up until the 1930s. A short walk past a small lochan leads to two beautifully restored little thatched buildings with a fine view to the ocean beyond. We then return to our hotel where dinner will be served in the evening. *(B,D)*

Day 3 After breakfast, we check out of the hotel and travel south to **Harris**, which in contrast to the rolling moorland of Lewis, is more mountainous, as becomes apparent within minutes of crossing the 'border' with a magnificent mountain vista to the right. There are further outstanding views as we travel along the coast, including the island of Taransay of 'Castaway' fame and the wonderful beaches at Horgabost, Borve and Scarasta. Continuing to the southern end of Harris we visit

St Clement's Church at Rodel, built on top of an earlier structure in the 16th century by Alasdair Crotach, 8th chief of the Macleods of Harris and Dun Bheagan. The church tombs are among the most spectacular in Scotland. We then take the ferry from Leverburgh to Berneray on North Uist, and continue over a series of causeways *(keeping a careful eye out for otters)* to Benbecula, the 'stepping stone' between the Uists. Here we check in to our comfortable accommodation, where dinner will be served in the evening. *(B,D)*

Day 4 This morning following breakfast we depart for **Barra**, travelling via the little island of **Eriskay**, just three miles long and two miles wide, with a great sandy beach known as Prince Charlie's Bay — Bonnie Prince Charlie having landed here in July 1745. From Eriskay we take the mid morning ferry to Barra and have a tour of the island. Please note that Kisimul Castle is currently closed for conservation work but we are able to view it from the shore.

We visit **Cockleshell Beach**, the unique runway whose use is governed by the tides. When approaching the airport keep an eye out to the left for the much-loved former home of Sir Compton Mackenzie, the author of 'Whisky Galore', which is forever associated with the island. A little further on from the airport we will see St Barr's Chapel and visit Sir Compton Mackenzie's grave. In fact, it was on the neighbouring island of **Vatersay**, which we visit by means of the causeway linking the two islands, that the classic film adaptation was made. On the way to Vatersay, we will see a war memorial to the crew of a Catalina aircraft that crashed in 1944 while on the island itself, and at a beautiful location overlooking a wide sandy beach, we see a monument to the emigrant ship Annie Jane which was wrecked here in 1853 on a voyage to Quebec. During our tour today we also hope to see some of the hundreds of species of wildflowers that grow on the island, particularly on the machair, the fertile, grassy pastures that lie between the moorland and the sea. *(B,D)*

Day 5 This morning we check out of the hotel and take the Caledonian MacBrayne ferry from Lochmaddy to Uig in Skye. Breakfast is served on board. We then continue our homeward journey, arriving back at our original pick-up points during the evening. *(B)*

Dun Carloway Broch

Ancient Stones of the Outer Hebrides

5 DAYS from £1,545 | ACTIVITY RATING: 🌸 🌸 🌸

PICK-UP POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth, Inverness

In about 1800 BC, at around the time that the Middle Kingdom of Ancient Egypt was flourishing, an equally vigorous civilisation was leaving its mark on the far-flung islands of the Outer Hebrides. The Standing Stones at Callanish, tall and slender slabs of silvery Lewisian gneiss, are the enduring testament to the skill and knowledge of a long-vanished and mysterious community, who laid out these stones according to precise astronomical observations, lining up the main avenue with the point at which the full moon of midsummer sets. Later settlers have left their mark too, and the tranquil islands of Lewis and Harris are blessed with an abundance of archaeological remains. Neolithic cairns, Bronze Age standing stones, Iron Age houses, Norse mills and Blackhouses from a couple of centuries ago – the islands are a living timeline and a paradise for the amateur archaeologist.

In the company of a local specialist guide, we will tour a succession of sites, from the rolling moorlands and sweeping beaches of Lewis in the north to the dramatic mountains of Harris in the south. Our four nights in Stornoway will also provide an insight into modern island life, where the ancient Gaelic culture is as vibrant as ever and celebrated in music and song.

Day 1 We depart from our designated pick-up points and head north to **Ullapool**, where we catch the evening ferry to Stornoway and settle into our hotel.

Day 2 Crossing to the island of Great Bernera, we visit the fascinating **Bosta Iron Age Village** and its nearby **museum**. Later, we marvel at the 5,000-year-old **Standing Stones of Callanish**, a highlight of the Western Isles. In the afternoon, we explore **St Columba's Ui Church**, a key archaeological site on Lewis. (B)

Day 3 After breakfast, we journey south to **Harris**, a land of mountains and pristine white beaches. Highlights include **St Clement's Church** at Rodel, with its ornate tombs, and the **Genealogy Centre** at Northton, where we delve into island heritage. We visit the ancient standing stone **Clach Mhic Leoid**, overlooking Taransay, before returning to Stornoway to explore **Lewis Castle**. (B)

Day 4 We uncover Lewis's stunning landscapes and history, spanning the Bronze Age, Norse settlement, and beyond. Sites include **Dun Carloway Broch**, **Black Houses**, **Norse Mill**, and the standing stone **Clach an Trushal**. (B)

Day 5 Our adventure concludes as we ferry back to Ullapool and return to our original pick-up points. (B)

Inc. meals: B: Breakfast

Smoo Cave

Scotland's Extreme North West

LOW SINGLE
SUPPLEMENT

4 DAYS from £645 | ACTIVITY RATING: 🌿 🌿

 PICK-UP POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth, Inverness

Scotland's rugged north-west coast is at its most majestic in early spring and autumn, with Atlantic waves crashing dramatically against the shore. Based in Kinlochbervie, with panoramic views over lochs and hills, we explore coastal gems such as the white sands of Oldshoremore and Smoo Cave at Durness. Evenings are spent enjoying fine food, good company and a welcoming fireside dram in our highland hotel.

Day 1 We depart from our designated pick-up points and head north, stopping en route for refreshments. Our journey leads us to **Kinlochbervie** on the north-west coastline, where we settle into the Kinlochbervie Hotel, overlooking the fishing harbour and the open sea. (D)

Day 2 After breakfast we explore **Assynt**, an extraordinary landscape of vast, undulating moorland studded with hundreds of freshwater lochans. The coastline is equally beautiful, with cliffs, impressive sea stacks and a series of stunning white beaches, such as the one at Achmelvich Bay. We spend some time in **Lochinver**, a large village with a busy harbour, set on the shores of Loch Inver with superb views inland to the famous mountain of **Suilven**. Though relatively small in Scottish terms at 2389ft, Suilven presents a fearsome sight with its seemingly unconquerable summit, which we can expect to be flecked with snow at this time of year. (B, D)

Day 3 This morning, we enjoy a walk along the beach at **Oldshoremore**, one of Scotland's most beautiful beaches. Formed from eroded sandstone and seashells, the white sandy beach is surrounded by 'machair', dunes of marram grass which are among the richest dune areas in Britain. Later, we travel up the single track road through spectacular scenery to **Durness**, where we visit the beautiful old church graveyard of Balnakeil, home to the grave of the famous Gaelic poet **Rob Don**. This is a most interesting cemetery overlooking one of the finest sandy beaches in the UK. We also visit the wonderful chocolatier at **Cocoa Mountain** where there's the opportunity to buy the finest hot chocolate drink anywhere in the world (official!) and gorgeous handmade chocolates. Originally, these

buildings were used as an early warning station in case of nuclear attack, and they were turned into a craft centre in 1964. Given the small size of the chocolatier shop, we may have to split the group between Balnakeil Church and then swap over. Next is **Smoo Cave**, which boasts the largest entrance of any sea cave in the British Isles. Recent excavations show that the cave was in use 6,000 years ago by the earliest settlers in the north. The "blowhole" and waterfall can be observed from an observation point above the cave. We continue via **Loch Eriboll to Tongue**, whose name has old Norse origins: it comes from tunga, a tongue of land projecting into the loch. Although the Norse people probably lived here between the 900 and 1200, nothing certain has been found of their settlement. When Thomas Telford completed the road south to Lairg in 1828, Tongue changed from being an island community relying on the sea for its communications. (B, D)

Day 4 We begin our homeward journey, travelling via **Laxford Bridge, Loch More, Loch Shin and Lairg**. In the 1950s, a hydro-electric dam was constructed, raising the level of Loch Shin by over 30 feet, which now forms one of the major attractions of the area, complete with a spectacular salmon leap. At one time, the majority of the inhabitants in **Lairg** area resided on the high moorlands and straths, with the children of tenantry shepherds walking miles to school over rugged hill paths. Gradually, these dwellings have been vacated in favour of a move down to the more accessible present village on the southern shores of the loch, which developed from around 1812. Continuing via **Bonar Bridge and Tain**, we return back to our original pick-up points. (B)

Key Highlights

-  The magical Smoo Cave
-  The spectacle of the Suilven Mountain
-  Officially the best hot chocolate in the world at Cocoa Mountain
-  White sands of Oldshoremore

Blackwaterfoot

Arran, Scotland in Miniature

5 DAYS from £1,255 | ACTIVITY RATING: 

 **PICK-UP POINTS:** Aberdeen, Stonehaven, Forfar, Dundee, Perth, Kinross, Dunfermline, Edinburgh, Glasgow

As we approach the island, Goat Fell rises from the Firth of Clyde, hinting at Arran's magic. "Scotland in Miniature," blends northern granite peaks and glens with southern farmlands. Explore villages like Whiting Bay, Lamlash, Brodick, Corrie and Sannox, passing the '12 Apostles' at Lochranza. Brodick Castle impresses with its dramatic setting and gardens, bursting with seasonal interest.

Day 1 We depart from our designated pick-up points and head for **Troon** in time to catch the afternoon ferry to Brodick. On arrival on Arran, our coach will transfer us to **Blackwaterfoot**, where our accommodation has been organised for the next four nights at the Kinloch Hotel. (D)

Day 2 Today, following breakfast, we have a circular tour of the island of **Arran**. Only 56 miles around its coastline, the small villages are compared to 'jewels on a necklace' strung out like pearls around the island. From **Blackwaterfoot**, we will visit **Whiting Bay, Lamlash, Brodick** - the capital of Arran; **Corrie** and **Sannox** under the shadow of Goat Fell and other mountains, and then down the west coast to **Catcol** and **Pirnmill** with its '12 Apostles'. Also included today is a visit to the **Isle of Arran Brewery**, where we will enjoy a tour and learn about the brewing and conditioning process and the ingredients that go into the beer. We will also have the opportunity to taste some of the beers on offer. (B, D)

Day 3 Today will be free to relax in the hotel and its surroundings. Alternatively, for those who wish, we have organised an optional excursion to the little Hebridean island of **Gigha** (not included). Nestling close to the mainland just off the Kintyre peninsula, this is a gem of an island often overlooked by the island hopper. We will depart after breakfast and catch an early morning ferry from Arran Lochranza to Claonaig. We then cross the Kintyre peninsula to the Gigha ferry at Tayinloan. Once on the island, we will have lunch at a local café and then we will visit **Achamore Gardens**, the former home of the Horlick family. Sir

James Horlick (of bedtime drink fame) who came here in 1944 and started to create a woodland garden. The mild climate, combined with high levels of rainfall, means that there is always something in bloom.

Due to the problems of getting a modern coach onto the island, we will walk to the gardens from the café and jetty, a gentle stroll of half a mile. Local transportation can be arranged at approximately £5.00pp (paid locally); however, this must be booked in advance. Please advise if you require this when booking your excursion.

Day 4 This morning, we have included a visit to **Brodick Castle and Gardens**. Brodick Castle occupies a splendid position, well protected from westerly winds and looking east across the Firth of Clyde. The present garden dates from 1932, when the Duchess of Montrose started an ambitious woodland garden with a collection of rhododendrons. From the castle, paths wind downhill towards the seashore, and in a shady place there is a fernery and a delightful Bavarian summer house embellished with rustic work and lovely inlaid panels of pinecones. A walled garden, dating from 1710, has been restored, and mixed borders on three sides retain the gardener's interest throughout the year. The afternoon will be free in **Brodick**.

Day 5 Sadly, today we must head for home. This morning, following breakfast, we will travel to the ferry port in time for the crossing to Troon, where we expect to arrive early afternoon. Thereafter, we will return to our original pick up points to arrive late afternoon/early evening. (B)

St Ninian's Isle

Highlights of Orkney & Shetland

6 DAYS from £1,705 | ACTIVITY RATING: 🌿 🌿 🌿

PICK-UP POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth, Dundee, Forfar, Stonehaven, Aberdeen

Sail away to lands steeped in history, wildlife and stunning scenery – the Orkney and Shetland isles. Many people have landed there before us, some as early as 3000 BC. Most famous of all were the Vikings, but they were not alone and all around you historical treasures can be found. Both Orkney and Shetland have their own identities - Orkney is green and fertile, while Shetland has rugged cliff and sea loch landscapes. However, both share a colourful history of Picts, Norsemen, ancient antiquities and seafaring legends – bound together with an independent spirit that sets them apart from the rest of Scotland. We sail with Serco Northlink Ferries aboard their modern, purpose-built vessels overnight from Aberdeen to Lerwick, and then there are two full days to tour Shetland. After rejoining the ship for an evening sailing to Kirkwall, we have two days to explore Orkney.

Day 1 We depart from our designated pick-up points for Aberdeen and take the overnight ferry to Lerwick. (D)

Day 2 We leave the ship after breakfast and start our **Shetland** tour. Our first stop is **Sumburgh Head** with its RSPB reserve and then onto the Prehistoric and Norse Settlement of **Jarlshof**. Over three acres of remains are here, spanning 3,000 years since the days of the Stone Age, including Bronze Age houses, Iron Age broch and wheel houses, Viking long houses and medieval farmhouses. We then continue to **Scalloway**, the former capital of Shetland, where we see the ruined castle. (B, D)

Day 3 Our day starts at the spectacular **cliffs of Eshaness** and the narrow isthmus known as **Mavis Grind**. This remarkable location is often referred to as the place where the Atlantic Ocean meets the North Sea, offering stunning views and a chance to witness the unique geological formations shaped by millennia of erosion. Afterwards, we head to **Lerwick**, a charming town with its narrow lanes, unique shops and historical landmarks such as Fort Charlotte. The waterfront area is particularly picturesque, offering stunning views and a chance to observe local fishing boats and wildlife. Later, we take the evening sailing to Kirkwall, with dinner

served on board. On arrival, we transfer to our hotel. (B, D)

Day 4 This morning we have a full day excursion of west mainland **Orkney** visiting the **Heart of Neolithic Orkney – World Heritage Sites**. We begin at **Maeshowe**, the finest chambered tomb in Western Europe. Built before 2700 BC. Maeshowe was raided by Vikings in the 12th Century. It thus houses the largest collection of runic inscriptions to be found in any one place in the world. We shall also visit the **Standing Stones of Stenness**, with the adjacent Neolithic village of **Barnhouse**, before continuing to **Skara Brae**, with its new visitor centre depicting the history of this world famous monument and **Skaill House**, a fascinating architectural medley to the side of Skara Brae. (B, D)

Standing Stones of Stenness

Lerwick

Orkney & Shetland by Air

5 DAYS from £1,975 | ACTIVITY RATING: 🌸 🌸 🌸

✈️ DEPARTURE POINTS: Aberdeen or Edinburgh

You asked and we answered! As it's a long way by road and sea, we have launched this alternative itinerary that explores the glorious and wild Orkney and Shetland Isles by air. Over five memorable days, we will explore lands steeped in history, wildlife and stunning scenery, far from the jostling crowds as we lose ourselves in the haunting beauty of the Orkney and Shetland Isles.

Many people have landed there before you - some as early as 3000 BC. Most famous of all were the Vikings, but they were not alone and all around you will find historical treasures. Both islands, but particularly Shetland, in summer have virtually no darkness and the beauty of this 'Simmer Dim', as it is called locally, has to be seen to be realised.

Day 1 We depart this morning on a flight from Aberdeen or Edinburgh to Sumburgh. On arrival we will transfer to **Sumburgh Head**, where the North Sea meets the Atlantic Ocean. The cliffs here are quite spectacular and home to an RSPB reserve. We will then visit the outstanding Prehistoric and Norse Settlement of **Jarlshof**, spanning 3000 years since the days of the Stone Age. This afternoon we will transfer to **Scalloway**, the former capital of Shetland where we see the ruined castle built in 1600 by the infamous Earl Patrick Stewart. We then continue north to the spectacular **cliffs of Eshaness** - look out for the 'Otters Crossing' sign at the narrow isthmus known as Mavis Grind. (D)

Day 2 After breakfast, we will head to the island's capital town of **Lerwick**, where we enjoy some free time. You may wish to visit the state of the art Shetland Museum. Later, we will travel through small local communities until we reach Sandwick, where we will cross as foot passengers on the ferry over to the little island of **Mousa**, where we will visit the 2000 year old iron age **broch**. (B, D)

Day 3 Today we depart from Sumburgh Airport to **Kirkwall**. On arrival, we will depart on a tour of the south end of **mainland Orkney**, crossing the **Churchill Barriers** which were built

after the sinking of HMS Royal Oak in October 1939. We also stop off at the beautiful **Italian Chapel**, built on the site of a former prisoner of war camp. We then return to Kirkwall, the capital of Orkney, where we have free time to explore at leisure. (B, D)

Day 4 This morning after breakfast, we have an all day excursion of west mainland Orkney visiting the **Heart of Neolithic Orkney – World Heritage Sites**. We begin at **Maeshowe**, the finest chambered tomb in Western Europe. Built before 2700 BC. Maeshowe was raided by Vikings in the 12th Century. It thus houses the largest collection of runic inscriptions to be found in any one place in the world. We shall also visit the **Standing Stones of Stenness**, with the adjacent Neolithic village of **Barnhouse**, before continuing to **Skara Brae**, with its new visitor centre depicting the history of this world famous monument and **Skaill House**, a fascinating architectural medley to the side of Skara Brae. (B, D)

Day 5 After breakfast we transfer to Kirkwall Airport where we will take the flight back to Aberdeen or Edinburgh. (B)

Orkney's 70 islands offer unique history, charm and landscapes. Based on the Mainland, we explore hidden gems across the North and South Isles. Sail Westray's Old Norse routes, cross Scapa Flow to Hoy with its dramatic scenery and discover the 'Heart of Neolithic Orkney' on Mainland, including the Stones of Stenness and Skara Brae. This itinerary also features part of the scenic North Coast 500.

Day 1 We depart by coach from our designated pick-up points and travel north to Scrabster to catch the Northlink ferry to Stromness. Dinner is served on board. On arrival in **Orkney**, we transfer to Kirkwall and our hotel. (D)

Day 2 After breakfast, we enjoy a full-day excursion of mainland Orkney, beginning at **Maeshowe**, the finest chambered tomb in Western Europe, built before 2700 BC and later entered by Viking raiders, leaving the largest collection of runic inscriptions found anywhere. We continue to **Skara Brae**, with its excellent visitor centre, before visiting the **Standing Stones of Stenness**, set beneath the Orphir Hills. Later, we visit the **Italian Chapel**, created by Italian prisoners of war during the Second World War, its interior beautifully painted by Domenico Chiocchetti. Our day concludes with visits to the **Pier Arts Centre** and **Highland Park Distillery**, where traditional methods of whisky production have been used for over 200 years. (B, D)

Day 3 This morning, we travel by ferry across Scapa Flow to the **island of Hoy**. After arriving at Lyness, we head north to the **Dwarfie Stone**, Britain's only prehistoric rock-cut chambered tomb, carved from a single block of sandstone around 3000 BC. Set in a dramatic landscape, it is a place of striking stillness. We continue to **Rackwick Bay**, a beautiful beach framed by high cliffs and shifting seascapes, once home to composer Sir Peter Maxwell-Davies.

Returning south, we visit the **Scapa Flow Museum**, located on the former naval base at Lyness, which explores Orkney's vital role during both World Wars through artefacts, photographs and film. After time for lunch (*not included*), we visit the **Martello Tower** at Hackness and the nearby **Naval Cemetery**. We then return by ferry to the mainland and drive back to Kirkwall for dinner. (B, D)

Day 4 Today we travel by ferry to Westray, known as the 'Queen of the Orkney Isles', sailing past Egilsay and Eday along an old Viking sea route. Our first stop is the dramatic **Scaun Natural Arch** at the island's northern tip, where seabirds are often seen. We then visit the 10th-century Norse site at Quoysgrew and the **Kirk of St Mary** in Pierowall. After lunch (*not included*), we explore Castle O'Burrian and the **Westray Heritage Centre** before visiting **Noltland Castle**, an unfinished 16th-century stronghold built by Gilbert Balfour during the turbulent reign of Mary, Queen of Scots. With its thick walls and numerous gun loops, it offers a vivid insight into Scotland's unsettled past. We return by ferry to Kirkwall for dinner. (B, D)

Day 5 We check out and transfer to Stromness for our late-morning ferry to Scrabster. On arrival, we continue south, stopping at the **Timespan Museum and Arts Centre** in Helmsdale, which explores the heritage of the Highlands. We then continue our journey home. (B)

 **PICK-UP POINTS:** Glasgow, Edinburgh, Dunfermline, Kinross, Perth, Dundee, Forfar, Stonehaven, Aberdeen

If you want to get away from it all, Shetland is the place to be. As close to Norway as it is to Scotland, Shetland is rugged and remote, with a raw natural beauty, a unique culture and wonderful wildlife. There are over a hundred islands here, only 16 of which are inhabited, each with its own individual character, and our tour offers the opportunity to visit four of them, providing a real taste of the diversity of this amazing archipelago, not to mention the simple pleasure of travelling by boats, both large and small, as the indomitable inhabitants of these islands have done for hundreds of years. We visit the little island of Mousa, whose Iron Age broch is the best-preserved example anywhere in the world, the Shetland Croft House Museum which gives an insight into a typical 19th century croft, while Jarlshof provides a unique archaeological time-capsule, spanning 3000 years of successive settlements. Finally we have a tour of the northernmost islands of Yell and Unst, a day of stunning seascapes and air so fresh it takes your breath away.

Day 3 After breakfast, we tour the northern isles of **Yell** and **Unst**. Travelling via **Tingwall** and **Girlisha**, we pass Sullom Voe. A short ferry takes us to Yell and onward to Unst, where highlights include **Muness Castle** and views from **Saxa Vord Hill**, the UK's northernmost accessible point by coach. We return via East Yell and Burra Voe for dinner at our hotel. (B, D)

Day 4 After breakfast, we check out and visit **St Ninian's Isle**, known for its ancient church and the 9th-century silver treasure hidden from Viking raiders. Jarlshof

An Archaeologist's View of Orkney and Shetland

6 DAYS from £1,705 | ACTIVITY RATING:

PICK-UP POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth, Dundee, Forfar, Stonehaven, Aberdeen

The islands of Orkney and Shetland are littered with archaeological remains. People first came here over 5,000 years ago and many of their remains survive. Research is ongoing here and excavations by archaeologists continue to uncover new information. The islands are therefore of enormous interest to anyone who enjoys first-hand contact with ancient settlements and buildings as well as the people who once lived here.

During our time on Shetland we will visit the uninhabited island of Mousa with its 2,000-year-old full size broch, the Prehistoric and Norse Settlement of Jarlshof; St. Ninian's Isle with its 6th century church and the ruined castle of Scalloway. We then travel to Orkney where we visit the Italian Chapel and the Churchill Barriers; Maeshowe, the finest chambered tomb in Western Europe; the stone circles of Stenness and Brodgar and the famous site at Skara Brae as well as Skail House. En route to Aberdeen, we will stop for a photo opportunity at Dunnottar Castle, a cliff-top fortress dating back to the 3rd century.

Finally, we stop at the nearby cliffs at **Sumburgh Head**, an RSPB reserve renowned for the seabirds that reside here. (B, D)

Day 3 Our first visit of the day is to **St. Ninian's Isle** and its church dating from the 6th century when Christianity first came to Shetland. We return to **Scalloway** to see the ruined castle before continuing through the **Tingwall Valley**, the site of the old Norse parliament. (B, D)

Day 4 We tour the southern end of Orkney Mainland with visits to the **Churchill Barriers** and the **Italian Chapel**, built on the site of a former prisoner of war camp. Scenic Scottish Railways

4 DAYS from £895 | ACTIVITY RATING:

DEPARTURE POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth

The north of Scotland is blessed with some wonderfully scenic railway lines. The challenge of building railways through difficult terrain was taken up by the great engineers of the Victorian age. Their legacy is in the sweeping curves and majestic viaducts of the single track lines which cross wild moors and lonely glens. Highlights on this short break include a visit to the much-photographed Eilean Donan Castle, a ride aboard the Jacobite steam train that takes us over the iconic Glenfinnan Viaduct and a visit to Boat of Garten on the Strathspey Line, which you may recognise from the BBC series, *Monarch of the Glen*.

We continue our journey by coach to our hotel. (D)

Day 2 We transfer to **Inverness** and board the morning diesel train service to **Wick**. The line takes us along the shores of the **Cromarty** and **Dornoch Firths** and follows the spectacular coastline as far as **Helmsdale**, where it turns inland before reaching the terminus at **Wick**. We re-join our coach and return to our hotel by the more direct but equally scenic coastal route. (B, D)

Day 3 We depart by diesel train from Inverness, this time heading for **Kyle of Lochalsh**, travelling over what is often considered to be the most scenic of all of Scotland's railway lines. In the afternoon we explore the iconic 13th century castle of **Eilean Donan**, with its impossibly romantic setting on Loch Duich. (B, D)

Day 4 Today we travel to Fort William, where we join **'The Jacobite'** steam train and experience one of the most memorable and spectacular railway journeys in the world, crossing the famous **Glenfinnan Viaduct** as we steam on a return trip to **Mallaig**. Scotland's Highlands offer wildlife encounters amid stunning scenery. We visit Loch of the Lowes to see breeding ospreys, deer and red squirrels, then the Highland Wildlife Park with rare animals including snow leopards and polar bears. Highlights include a Moray Firth dolphin-spotting boat trip, the House of Aigas, Inverewe Garden and the Abernethy and Insh Marshes reserves for ospreys and breeding waders.

Day 1 We depart from our designated departure points and head up the A9, stopping for refreshments, to the Loch of the **Lowes Visitor Centre and Wildlife Reserve**, near Dunkeld. Loch of the Lowes covers 98 hectares and from early April to late August the star attraction is a pair of breeding ospreys. Their nest is situated within 150 metres of the observation hide, allowing osprey family life to be observed through binoculars, telescopes and closed-circuit television. From the hide, you can also spot fallow and roe deer, otters, red squirrel and common woodland birds, including tree creepers and great-spotted woodpeckers. We continue to the **Highland Wildlife Park** near Aviemore, which has an extensive collection of both native and exotic animals and birds. Native species include capercaillie, red deer, red squirrels and the rare and endangered Scottish wildcat and among the non-native animals are the Amur tiger, snow leopard, red panda and the very popular polar bears. (D)

Day 2 After breakfast, we make our way to Inverness, the capital of the Highlands, for our Moray Firth **Dolphin Cruise**. Though nothing is ever guaranteed where wildlife is concerned, we have an excellent chance of seeing some of the bottlenose dolphins at close quarters, plus common seals, grey seals and porpoise. There is also a wide variety of bird life such as terns, gannets, fulmars, razorbills, kittiwakes, red kites and ospreys, and a variety of wading birds on the shoreline. Following our cruise, we depart for the **House of Aigas Field Centre**, near Beaulieu. Here we enjoy lunch using produce from the estate (included) before embarking on a guided walk around the estate to view the beaver dam, Scottish wildcat project and other native wildlife such as red squirrels. (B, L, D)

Day 3 After breakfast, we travel through some glorious mountain scenery to Kinlochewe at the head of Loch Maree. Here we visit the **Beinn**

Eighe National Nature Reserve, located on the loch's southern shore beneath the mighty 3000ft face of **Slioch**. It is the oldest nature reserve in Britain comprising 10,500 acres and was established in 1951. The reason for its designation is the 500-acre remnant of the **Western Caledonian Pine forest** which is carefully protected, the whole reserve having been fenced and sheep removed to allow natural regeneration to take place. Now the short nature trail through the ancient woodland of **Scots Pine, Birch, Juniper and Heather** gives a wonderful impression of the Wild Wood of Caledon as it once was, now hopefully preserved forever. After our Woodland Walk, we continue for an afternoon visit to **Inverewe Gardens**, unquestionably recognised as one of the most outstanding gardens in the country with a host of botanical specimens both native and exotic. The balmy Gulf Stream Drift Climate promotes luxuriant growth and today it is a jungle of mature trees and shrubs laced with winding walks, rising and falling, giving sudden glimpses of shimmering water through the foliage. (B, D)

Day 4 After breakfast we check out of the hotel and travel south to visit the **Abernethy National Nature Reserve** at Loch Garten. In this remnant of the Caledonian Pine Forest, we hope to see a number of different bird species, including the crested tit, crossbills (three species) and more ospreys, which have been nesting here since the 1950s and can be seen from the comfort of the osprey centre. Continuing south, our final stop is at the **RSPB Reserve at Insh Marshes**, near Kingussie. The marshes, part of the River Spey floodplain, are home to large populations of breeding waders, including curlews, lapwings, redshanks and snipes. We depart for home, returning to your original pick-up point in the evening.

Best of Angus Gardens

4 DAYS from £795 | ACTIVITY RATING:

PICK-UP POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth

The rich, fertile soil of Angus provides an ideal environment for gardening, so it's no surprise that within this historic county in North-East Scotland, there is a host of wonderful gardens to be enjoyed. The House of Pitmuies, with its lavishly planted herbaceous borders, is perhaps the star of the show. We see two grand gardens at Edzell Castle, which features a delightful formal garden, and at Glamis Castle, perhaps better known for its royal connections but home to some lovely grounds. Further highlights include the traditional mixed borders at Dunninald and Langley Park near Montrose, which feature four separate walled gardens along with woodland and wildflowers.

Day 1 We depart from our designated pick-ups this morning and head for our first visit, **Glamis Castle**, which has been the ancestral home of the Earls of Strathmore for over 600 years. Lunch is available here (*not included*). (D)

Day 2 Today we visit the garden at **Pitmuies House**, near Forfar. The flower garden is situated behind the house, where in an old walled garden, lavishly planted borders are planned to maintain their flowering interest over a very long season. We continue to **Dunninald**, a family home built in 1824, set in policies developed during the seventeenth and eighteenth centuries. (B, D)

Day 3 After breakfast this morning we visit **Hospitalfield House**. In 2021 the walled garden was radically transformed to a design by celebrated garden designer and plantsman, **Nigel Dunnett**. The new garden tells the 800-year horticultural story of this remarkable site from its monastic origins in the 13th century through to the

Victorian passion for ferns. Following this we visit **Edzell Castle**, which was once home to the Earls of Crawford. The garden is defined by the 'Pleasance' - a delightful formal garden with walls decorated with sculptured stone panels, flower boxes and niches for nesting birds. (B, D)

Day 4 This morning, we visit **Langley Park Gardens**. Set overlooking Montrose Basin, Langley Park Gardens include four walled gardens, three filled with herbaceous borders, fruit trees and vegetable plots, while the fourth is a small arboretum. Later, we visit the **House of Dun, Garden and Estate**, a grand 18th-century home with striking architecture and stunning vistas across the stunning Montrose Basin. There will also be plenty of time to wander the glorious formal gardens and the surrounding woodland, where you may glimpse an elusive red squirrel. Following this, we continue our homeward journey.

Logan Botanic Garden

Gardens of Dumfries and Galloway

4 DAYS from £760 | ACTIVITY RATING: 🌸 🌸 🌸

 **PICK-UP POINTS:** Stonehaven, Forfar, Aberdeen, Dundee, Perth, Kinross, Dunfermline, Edinburgh, Glasgow

Nestled in the south-western corner of Scotland, Dumfries and Galloway are home to some of the country's most attractive gardens and artists. The artistic highlight of our tour is undoubtedly Dumfries House in Ayrshire, whose future has been secured with the support of King Charles. One of the Adam brothers' finest achievements, the stunning interiors showcase a unique collection of Chippendale furniture, while the walled garden is one of the most exciting in Scotland.

We see something rather different at Broughton House – an artist's garden at the restored former home of 'Glasgow Boy', EA Hornel. The garden, which runs down to the estuary of the Dee, also shows the influence of his time in Japan and is always full of colour. Further highlights include Drumlanrig Castle, with its extensive gardens and world-class collection of fine art and furniture, which was one of the first and most important Renaissance buildings built in Scotland.

Day 1 We depart from your local pick-up point and head for the gardens at **Drumlanrig Castle**. Surrounded by the 120,000-acre Queensberry Estate, Country Park and grand Victorian gardens, Drumlanrig Castle was completed in 1691 by William Douglas, 1st Duke of Queensberry, and is one of the first and most important Renaissance buildings in Scotland. Drumlanrig hit the headlines in 2003 following the audacious theft of the Leonardo da Vinci painting Madonna with the Yarnwinder and as a consequence, formal guided tours of the castle were introduced. ^[B]

Day 2 Today we visit **Glenwhan Gardens**, spread out over a windy hilltop with marvellous views of Luce Bay and the Mull of Galloway. Since 1979, a very large, interesting and individual garden has been created, filled with a range of plants. At its heart is an extensive pool, divided by a grassy causeway and fed by a tumbling stream. The slopes above are lavishly planted with trees and shrubs – almost any gardener will find something unfamiliar

Drumlanrig Castle

here. This afternoon, we continue to our next destination, the world-famous **Logan Botanic Gardens** at Port Logan, lying in the Mull of Galloway. The garden was started by the McDougall family, who lived here for 800 years, and since 1969 it has been in the care of the Royal Botanic Garden at Edinburgh. Logan Botanic Garden is beautifully laid out, particularly in the walled garden with its fine terraces and well-planned borders under an avenue of cabbage palms. The climate here is exceptionally mild and several different habitats provide conditions for a huge variety of plants. (B, D)

Day 3 This morning, we visit **Broughton House**, a fascinating 18th-century house and garden which was home to E A Hornel from 1901 until his death in 1933. During his lifetime, he had twice lived in Japan and his experience there influenced many of his paintings. The garden, which runs down to the estuary of the Dee, also shows the influence of his time in Japan and is always full of colour. After our visit to Broughton, we spend some more time in Kirkcudbright, a haven for artists shown by its abundance of art galleries. We visit one such gallery and browse the work of local artists before stopping for lunch (*not included*). Following this, we visit the wonderful plantsman's nursery of **Ellenbank**, full of cottage garden perennials such as violas, clematis and penstemons. Our last visit of the day is to the

gardens of the **Threave Estate**. The gardens have been largely created by students at the School of Horticulture, which started here in 1960. Mature woodland of beech, conifers and oaks form the background to a large collection of shrub roses, sweeping mixed borders, dwarf heathers, peat and rock gardens, a walled kitchen garden and superbly maintained glasshouses. (B, D)

Day 4 This morning we check out our hotel and visit **Dumfries House**, near Cumnock in Ayrshire. Its stunning interiors are home to a world-class collection of furniture by Thomas Chippendale and many late 18th-century cabinet makers, which recently featured on BBC's Antiques Roadshow. We are able to make the most of those interiors on our grand tour of the house, followed by tea and shortbread. Afterwards, we also visit the **Queen Elizabeth Walled Garden**, which is one of the best examples of its kind in Scotland and in many ways the flagship of the restoration project. You may also wish to venture into the intriguing yew hedge maze and see if you can reach the Japanese pagoda at its centre – and then find your way out again! Following our final visit, we return to our original departure points.

Gordon Castle & Gardens of the East Highlands

4 DAYS from £845 | ACTIVITY RATING:

PICK-UP POINTS: Glasgow, Edinburgh, Dunfermline, Kinross, Perth

The spectacular gardens and landscapes of the East Highlands await on this special break. Highlights include the UK's most northerly botanic gardens at Inverness, the beautiful lawns, wildflower meadows and walled garden of the fairytale Aldourie Castle Gardens on the banks of Loch Ness, and of course, the wonderful Gordon Castle Gardens. RHS Regional Partner Garden of the Year 2024 and one of Britain's largest kitchen gardens, this historic treasure has been restored to its Victorian and Edwardian heyday and offers the perfect spot for our included afternoon tea.

Day 1 We depart from our designated pick-up points and head for our first visit, **Branklyn Garden**, a haven of peace and colour on the outskirts of Perth. Begun in 1922, on a south-facing slope with acid soil, the garden represents a wonderful collection of woodland plants along the winding paths. Afterwards, we continue northwards to our hotel on the north side of the stunning **Cairngorms National Park**, the largest National Park in Britain. (D)

Day 2 This morning we visit **Aldourie Castle Gardens**, nestled in a private 500-acre estate in a picturesque lochside setting and a lovely blend of formal and informal landscaping. Highlights include a peaceful walled garden, pretty wildflower meadows, vegetable-filled glasshouses and beautiful lawns surrounded by a wide variety of ancient trees, with views out to Loch Ness.

In the afternoon, we discover the enchanting **Inverness Botanic Gardens**, a hidden treasure in the heart of the city. Wander through the tropical house and cactus house, soak in the serene ambience and admire the formal gardens and wildflower meadows that create a beautiful range of colours. (B, D)

Day 3 Today we make our way to the charming **Ruthven Cottage Hardy Plant Nursery**, home to a stunning array of herbaceous borders,

along with a peaceful pond, greenhouse and free-roaming chickens! Emphasising a naturalistic style of planting, many of the hardy perennials, shrubs and climbers we see are sold at the nursery here.

We continue to the real highlight of our break, **Gordon Castle Gardens**, Historic House's Garden of the Year 2021, the RHS Regional Partner Garden of the Year 2024 and one of Scotland's best-kept secrets. The eight-acre restored walled garden is now one of Britain's oldest and largest kitchen gardens, brought back to life by world-famous designer Arne Maynard. Enclosed within the ancient walls is a range of herbs, cut flowers, fruit and vegetables, creating beautiful colours and a sense of tranquillity all year round. It's a charming spot for our included **afternoon tea**. (B, AT, D)

Day 4 After breakfast, we check out of our hotel and make our way to the splendid formal gardens of **Drummond Castle**. The gardens we see today were replanted during the 1950s, preserving features such as the ancient yew hedges and the copper beech trees planted by Queen Victoria to commemorate her visit in 1842. The garden was principally the work of Lewis Kennedy of Vineyard Nursery in Hammersmith, who supplied plants to many of Britain's finest gardens. Later, we continue back to our original pick-up points. (B)
